About Innovation and Antifragility

THE STRENGTH WITHIN

The strength to carry on,
even when the weight feels too much.
The strength to keep going,
even when the path is unclear.
The strength to hold on,
even when everything is shaking.
The strength to keep fighting,
even when the odds are against you.
The strength to never give up,
even when the darkness is closing in.

ANTIFRAGILE

The world is a scary place
But I am antifragile
I thrive on chaos and stress
It makes me stronger and better
I never back down from a fight
I'm always up for a challenge
I never give up easily
I'm always looking for a way to improve
I'm not afraid of failure
I'm always learning and growing
I'm constantly pushing myself to be better
I'm never satisfied with mediocrity
I'm always striving to be the best
I'm a risk taker
I believe in myself
I have unshakeable faith
I am unstoppable
I am antifragile.

MY WHEELCHAIR

A wheelchair is my chariot
It takes me where I need to go
It's my friend in times of need
And my comfort when I'm sore
Without it I'd be lost and alone
But with it, I am free
It gives me independence
And a sense of control.

WISDOM

The wisdom of the ages,
the knowledge of the ancients,
the insight of the learned,
all these are my teachers.

I bow before their experience,
I learn from their mistakes,
I stand on their shoulders,
to see further and higher.

Their words are my guideposts,
their actions my inspiration,
their lives my example.

I am grateful for their teachings,
which continue to enrich my life.

THE UNIVERSE

We are but specks of dust in a vast and infinite universe.
Our world is but a tiny dot on a map that is endlessly expanding.
We are significant in the grand scheme of things,
But that means that our lives are meaningful.

We are all connected, and our actions have consequences.
What we do matters, even if it seems like a drop in the bucket.
Every act of kindness, every moment of love, is a ripple that extends outwards,
touching more lives than we could ever imagine.

In a universe that is so vast and impersonal, it is easy to feel small and insignificant.
But we must remember that we are all connected, and our lives have value.
No act is too small, and no life is inconsequential. We matter, and our actions matter. So let us go out into the world and make a difference.
