### Ode to Last Christmas

A day  
Like today  
Silence  
Takes hold,  
Noise  
Forgotten  
Last  
Christmas.  
Lights  
Illuminated  
Nights  
Like stars  
Now  
Stowed  
In cabinets  
Behind cars.

You  
Walk  
A  
Long  
Road  
With  
It  
Broken  
By semis  
Lit  
With gasoline  
And electricity.  
Could one be  
Jesus Christ  
You think?  
Maybe.  
Probably  
Not.  
You  
Can  
Never  
Be  
Certain  
Because  
The image  
Becomes  
Just  
Another  
Star  
In  
The sky  
Put there  
By the lights  
From the trucks  
Passing by.

More  
Often  
Then  
Not,  
That star  
Will find  
A ride  
In one of  
Those  
Cars

And sit  
Right  
Beside  
You.  
If  
You're  
Careful,  
The secrets  
You'll find out  
About  
Yourself  
Sitting  
Alone  
With a night  
Sky  
Star  
Will  
Reveal  
Themselves  
To you.  
From afar,  
You  
Might  
Notice  
Some  
Things  
About  
The sky  
You've  
Never  
Seen  
Before  
And  
Might  
Never  
See  
Again.
