

Things Can Only Be This Way

Happy days can take away sad ones

Fear shouldn't be stronger than your goals.

Dreams should be as bright as can be to show you the way.

The sky can only be as clear as you see things.

The city can only be as what you choose to make of it.

Your home can only be as comfortable as you make it.

Your personality is what you want to show,

Who you are as a person.

Your mind is only as good as how you use it.

Your heart is gold or platinum,

If you treat yourself that way.

Another Realm

Love from another realm

Feeling like nothing will make if fall down

Is it real or is it fake

Are you and I not a mistake?

Different side..... Different views

I can't help falling in love with you

Meeting you all by chance,

One day we will have that special dance.

Getting to know you all in good time

One day we will laugh at it all

Isn't it good by chance wasn't a fall

Meeting you wondering if we could have it all.

Now laying here all alone

Where you are at that far away distance?

Sometimes just to see that smile,

Will make the time go by for that while.

Endless Love

Rose pedals falling to the ground
Showing love without a sound
Excitement filling in the air.
Love flowing through us everywhere
Endless emotion..... endless feeling

Waking up with the morning sun
Rolling over at you my dear,
Feeling ever so grateful,
Smiling that you're near.
Which starts the rose pedals falling to the ground
Endless love..... Endless emotion

Looking back at it all
How we couldn't stop it not at all
Watching new pedals falling everyday
Spreading out love in every way.
Endless Feeling..... Endless emotion

Dusk till Dawn

Breaking at the dawn

How the sun sill go on

The stars will fall,

Only one, not all.

From the moon above

Looking down at you,

Like a spot light

Waiting for you to get tired,

While you're trying to stay awake.

At the dawn,

Sitting up in the clouds waiting for you to walk around.

Hearing your laughter,

Seeing your smile.

The rain can't ever take that away from me and you.

Friend

I was walking in the park
Saw a shining light.
Something rare something special
I walked closer to the spot.
Almost fearing what was ahead,
All excited to discover something new.

When I arrived at the light,
Which grew to a floating ball.
I sat down on a rock and pondered it all.
I whispered a question, "Who are you?"

I am your closest friend that will always be around.
To call on me, think of the color that you're feeling.
I shall come as that.

We will heal together,
When one is under the weather.
When all is well,
You will know always remember how to call me.
