

# THE DIARY OF FLUFF FLUFF

A True Story

## Anatomy of A Fluff-Fluff

ONE: Danger in the new place

I walk to the new place because I am free

I breathe and I walk and I am happy

My belly is full and the air smell good

I ate a whole chicken today!

Nice people give me pets

I walk to the new place because I am free

I smell a bush and it smells like boy dog

I pee the bush and claim it mine

All the bush are mine!

***BORK!***

I hear a *BORK!*

I look towards the bork and smell the air

It is him

The bush smell boy dog

He see me pee the bush and he *bork* at me

He thinks it is his bush, but it is my bush

All the bush are mine

His friend come and he *bork* at me too!

They *bork* together. Two borkers. They bork angry

***BORKBORKBORKBORKORKORKB!***

So I bork at them back!

***BORK BORK BORK!***

I *bork* so hard!

***BORK!***

They *bork* back, but I *bork* louder

I am the loudest borker

I see two and smell three

Now I see three

Three Bad Dog

***Three BORK!***

***Bad BORK!***      We are all borking now

***Dogs BORK!***

Even tho they are bigger I am bigger borker

*Bad BORK!*      **BORK!** I bork loudest

*Dogs BORK!*

One black, two grey, Three bad dog

They are bigger than me

Three bad dog

More grey *bork* big

But I bork biggest **BORK!**

They *bork* and walk to my all sides

**BORK!**

**BORK!**      **BORK!**

**BORK!**

I do not run

I never run

Unless I smell the chicken

The chicken taste best

No time to think about the chicken

**THEY ATTACK! And I LOVE!**

**I LOVE THE BITE FITE!**

I spin to the one as he comes for my butt

I smack him with my big paw and bite his ear

**I LOVE THE BITE FITE**

The sounds are so clear, the smells are so sharp and my heart races big in the big bite fite

**I LOVE THE BIG BITE FITE**

**I AM THE BIG BITE FITE**

Black Bite < **MY BUTT**

It hurt so I spin and I bite him back hard on his sniffer

Black Sniffer > **MY BIG BITE**

My bite is **BIG**

I hear him cry but he bite at me more

I spin to grey as he comes in and bite my arm

It hurt, but I do not cry

I never cry, I am small, but I am the biggest

Smaller than some, bigger than ALL

I bite grey one again

I bite him big in the soft spot and he *YIPE!*

He smell scared

He is big, but very small

Big dog scared small

He run, not for chicken, but for cry

I chase him, but my legs are small

I am not fast, but I do not cry

I am the big small dog And I love the big bite fite

I should not have chased but I must chase the scared grey dog

I HAVE TO!

One and two dog chase me and now they bite me from behind

I turn to bite them but big small grey dog now turns back and bites

They all bite me

BITE

**BITE** BITE

BITE

I bite back. I do not run

I spin and I bite and I spin and I bite

They bite me many times and I bite them many times

I hurt but I do not stop

They bite me

I hurt but I do not stop

I keep on the bite fite

I love the bite fite

But I dont think I will bite much more

They bite me a lot

I do not run, but they are biting me big and it hurts

But I do not run. I do not cry

One my leg is not working so well

They bite me big and it hurts

I will keep biting

But I dont think I will bite much more

I think of the chicken I ate today, it was a good chicken

I bite and think of the chicken, I do not think to run

For I am small, but Big

### The Biggest

And I never run from the Bite Fite

But I am almost out of *borks* and bites

I can smell the chicken and the sea

Tasty smell with big chew bites and cronchy bones

I wish I could have another chicken

Black one bites me on soft and it hurts

I smell the bad blood of me and I hear the waves

I am almost out of borks and bites

I smell the sea

They bite me and it hurts, but I do not cry

I am a small big dog

I feel heavy

I think it is time to sleep a long sleep

They bite me lots all over

They bite me on my soft spots

It hurts and my legs wont stand

They bite me big and I fall

I am out of borks and out of bites and I am ready for the big sleep

I am out of bites, I lose the bite fite

I have never lose a bite fite, but my legs dont go

I am ready for the big sleep

I am all out of bites.

# NO!

I hear the biggest *BORK* I ever hear

Who??

He *BORKS* SO BIG!

# NO!

Bigger and louder than any dog I have ever heard!

And I have heard a many a big *bork*

But not so big as his

He does not *bork* at me

He *bork* at them. The three bad dog

The good man comes in fast

He jumps in the bite pile and hit the big grey one

Big grey one cries and tries to bite the man

He Bork loud again

# NO!

Big Grey tries to bite man again  
The man hits grey even harder and he picks me up  
I don't like to be pick up

But I like this man, he borks so loud and I think he is my friend

I don't know if he my friend

I never have a friend

I find sometime nice people who give me pets

But no one help me in bite fite before. I always bite fite alone

I don't like to be pick up, but I am too tired to No

My ouches hurt and I smell my blood

I let him pick me up and do not bite him

He run with me clumsy on his two leg

The three mean dog chase and try to bite his clumsy leg

But he turns around and he *BORKS* at them Big one more time

# NO!

The biggest *bork* i ever hear

So loud it make me a little scare and I never scare

but I know he help me, he *bork* at them not at me

He *Bork* at them with no fear and the bad dogs know he is not scared of their *borks* and bites

That makes them ascares of his big *bork* and they run away

---

My hurts

All my hurts

I hurt on my soft spots and my strong spots

I can smell the hurt

I hope I lick it later

I feel big tired

The man carry me and I give him small lick

He smell good

He smell good like chicken but not like chicken

He just smell nice

Like friend

He keep me carry and I fall asleep thinking of the good man and chicken

The bad borks grow quiet and I sleep

## TWO: I HAVE FRIEND

I stop sleep and it hurts

I do not know where I am

No smell the same but I smell the good man

I lay on something soft

I smell the man and he pet me

I try to roll over for the good pets but it hurts

*Shhhhhh* he say to me and I like the sound

I smell something gross and the man put the sticky smell on my hurts

I dont like it, but I am too sleepy to No

And the man is good, I think he lick my wounds they are no dirt

I sleep some more

-----

I wake when I smell the chicken

It hurt to move but I want the chicken

My stomach is hungry and my nose is a big hungry

I lift my head and it hurt

I have an ouch on my neck

The man say *shhhhhhhhhz'ok* to me again and he is so nice

He give me the pets and puts the chicken to my mouth

I take nicely

They give more chickens if you take nicely

I eat no chew I am a hungry

He feed me and feed me and feed me more

So many chickens!

I eat another bite of the chickens and I fall asleep happy

In my dream I fite the bad dogs again

They are hurting me and I feel for first time I feel small

I am a small dog small

I feel scared

I am never scared

But I feel scared in my sleeps

I wake when the good man pet me he say *shhhhhh'zgoooooodogaalllokshhhhhh*

I like his sound

And I sleep the more. This time with no dream

-----

A few days I stay with the nice man

He must keep licking my ouches because they get better and I do not lick

I am too tired to lick

I remember I do not itch

There are no scratch bugs

I have never felt with no scratch bugs

It is nice

I do not dream of the bad dogs again

I dream of chickens and chasing cat

The cat is fun to chase

-----

When I wake the man is not there

But there is some chicken I smell

I am on a soft, it is nice, but my hurts hurt

I stand up and stretch big

I eat it and stretch big again

Too big stretch

Ouch!

I forgot my hurts

I eat the not chicken, it is meat tasty from the big oinks

I drink the water and stop to smell around

I do not know where I am

I sit and lick the ouch for a bit when I smell

The man!

I do not see him, but I can smell his shoes

I see his shoes and smell big

I like the smell

Smell like friend

I follow the friend smell

I walk slow, my legs are tired and I hurt

But i want to see my friend

He is close, I can smell

I sniff in few spots and know the direction. I smell good

I walk and smell and smell and walk to find my friend

A dog *Borks* at me and I *bork* back but my bork is a little *bork*

He say it again

I like that sound

I slow down a little because I want to hear him say again

It sound a little different closer

FLUFF FLUFF! Come heeer! He say

I know that sound - come heeer! It usually means food bites if I tail wiggle and make my chicken eyes

Whenever I make my chicken eyes they make happy noises and give me food bites

Sometimes they give me the green food or the crunchy things but I dont like

I only like the Meat bites

Thats why I am strong in the bite fite

The green food and the crunchy things make me sleepy in bite fite

So I only eat the meat bites

I just have to use my chicken eyes

I see my friend and hope he say Fluff Fluff again, but I am too excite to play my games

I walk as fast as I can but it takes me so long and it hurts

He stands and walks to me, he is so nice

No one walks to me unless they want to hurt me

He reaches for the food and gives me a bite

It is the best chicken I ever taste!

It is not chicken, it is the other chicken meat but it is so good

He give me one more and say *Good Boi*

I like this word

I look at him with my chicken eyes but I dont even want the more chicken
