

I've never met someone so sweet  
So caring, loving  
Or amazing in my entire life  
No one could ever top her  
Not even my best friend  
This specific someone is also very generous  
She'd do anything to protect me  
And I'd do the same for her  
But this specific someone is not a human  
She has four legs and is covered with soft brown fur  
And when I look into those deep brown eyes  
I know that we are the perfect pair  
I'm not going anywhere  
My precious little puppy
