

Villanelle: Zach

Boyfriend

We were fourteen when we had our first kiss

My love for you will never end

Troubled times taught us to mend

Being with you hasn't always been bliss

Boyfriend

In our road there was a bend

Moving away would cause many to dismiss

My love for you will never end

I'm never cold when your jacket you lend

When I'm away all I can do is reminisce

Boyfriend

Time is precious when it is with you I spend

You I constantly miss

My love for you will never end

No other guy could even contend

Their attempts I dismiss

Boyfriend

My love for you will never end
