

When will I
Fall asleep.
When will I
Fall in love.
When will we
Go there together.
When will we
Be together again.
What will I
Wear tomorrow.
What will I
Do with my life.
What time will I
Finish my homework.
What time will I
Fall asleep.

I love the feeling
Of that.
I love the feeling
Of this.
I love the feeling
Of your hands on me.
I love the smell
Of your blankets.
I love the smell
Of your neck.
I like when
We are together like this.
I like when
We lie together like this.
I like when
We fall asleep.

Who is that
Behind me.
Is that man
Following me?
Should I have
Someone with me.
Should I have

Taken the bus tonight.
Is he walking faster
Or is that me.
What if he
Caught up to me.
Will I be back
Soon enough.
Will I think it's
Because of me.
Will they
Hear me?
Is he going
The other direction.
What time was it
When I left.
He's gone or
Is he wearing black.
I'm almost back
To my home now.
Would they
Blame me
Would I
Blame me.
My key feels
So good.
Never have I
Felt so relieved.
What rate is
My heart beating.
When did I
Stop running.
How did I
Forget my jacket.
Where was
My head tonight.
What time will I
Fall asleep.
