

## **Fine Print**

In the beginning  
When I agreed  
To come to this space  
Of lessons and healing  
I don't think I knew  
What I'd be getting into  
If I did  
I've got a bone to pick with me  
For I surely didn't read  
The fine print

## **A Taste of Transcendence**

Dive deep in this crevice of immortality  
Hoping to find some clue to life  
Knowing that somewhere there's hidden reality  
Breathing the essence of craving the light

Creating a tomb for my soul's aggravation  
While mending the heart that's been slain  
Battling thoughts of total extinction  
Suspicious of rivals inflicting the pain

Wary of wolves who've destroyed me once  
Of the thorns in the bushes of scorn  
Leaning on those who don't join in the hunt  
But who offer a flower to mourn

Retreat into caves to protect my soft skin  
To learn how to feel without fear  
Leading with love I will step out again  
With courage and grace I appear

## **Fragile & Feral**

It must be like  
A mystery  
A grand adventure  
Loving me

So much to pack  
Without a bag  
No tips or tricks  
For loving me

No way to plan  
To understand  
No rhyme or reason  
Loving me

Don't breathe too loud  
Or make a sound  
No sudden moves  
When loving me

## **Wombless**

There's a scar  
On my belly  
Below my navel  
Where you'll never exist

There's a scar  
Light pink from time passing  
Where the physical body has healed  
But the emotional body has not

There's a scar  
A reminder of a decision  
One made for me  
A choice I never chose

There's a scar  
A timestamp  
When my world stopped  
And spun backwards on its axis

There's a scar  
My finger traces  
Each time I remember  
Where you'll never exist

There's a scar

## **Loved (by me)**

Looking back on you  
And all that you've been through  
I'm seeing you  
I'm holding you  
Please know you're loved by me

Looking back on you  
And all that you'll go through  
I'm seeing you  
I'm holding you  
Please know you're loved by me

Looking back on you  
And all you'll have to lose  
I'm seeing you  
I'm holding you  
Please know you're loved by me

Looking back on you  
And all you'll see is true  
I'm seeing you  
I'm holding you  
Please know you're loved by me

You are enough  
You are enough  
Please know you're loved by me

Your heart is tender  
Skin is tough  
Please know you're loved by me

Continue on  
Resolve is strong  
Please know you're loved by me

Ego death  
Release what's left  
You know you're loved by me
