

Lover

Innocence gone
Stolen so young
Tell me who cares
The innocence is gone

Addictions

Hold tight to your addictions
They'll guide you as you fall
Hold tight to your addictions
Don't feel yourself hit that wall

Wrap yourself in your addictions
They'll numb your moral code
Wrap yourself in your addictions
Watch, as you reap what you sow

I've lost all of my pity
My desire to help you is gone
I no longer want your lies
I won't be around for long

So hold tight to your addictions
They'll keep you warm at night
And hold tight to your addictions
As you disparage everything in sight

I know you can't let them go
They continue to grow stronger
So I'll have to take my leave
It's not my problem any longer

Darkest Dreams

Darkest dreams tell
The darkest truths
Do you see it?
Look inside you
That's where you'll find it

Tell me
What do you see?
What did you do?
To make you dream
So dark

What is the truth
Deep inside you?
The one
You can't tell
To anyone

Secrets
Floating to the surface
Ones you don't want out
Make you dream
The darkest dreams

Darkest dreams tell
The darkest truths

Do you see it?

My Goodbye

I didn't get to say goodbye
Why did you have to go?
I wasn't ready for life without you
Without the stories that you told
And the advice I didn't want to hear
But I'll listen now

I need to hear your voice
Tell me one more time
To not be in such a rush
You can crack a corny joke
Tell as many as you want
I promise that I'll laugh

Guide me through baiting my hook
Show me how to toss a reel
We can sit by the water all day
Without even saying a word
We can even cook our catch
I'll eat every bite with you

I didn't get to say goodbye
Why did you have to go?
Life seems smaller without you
You left this world emptier
I feel a little more lost
Why did you have to go?

I didn't get to say goodbye.

Spiraling

Drifting
Drifting
Drifting

Down an endless spiral
Down the darkest well

Nowhere to go
Nowhere to hide

Lost in the pain
Lost in the strife

Alone and forgotten
Alone again tonight

Drifting
Drifting
Drifting

Through the darkness
Through the endless night

Searching for a pier
Searching for an anchor
