

## Time

Time waits for no man.  
It should be mad with us for wasting it at times.  
How can I move forward without time?  
Will I become more within time?  
If I should fulfill my purpose in time.  
Then that's the time that Gods glory will shine!  
For most of us what are we waiting on? Time?  
Our intentions become better with time.  
Our actions speak louder in time.  
You will know when time introduces ya!  
When your past time meets your future.  
During this time did you become better?  
And by this time, you should know.  
There is a time to speak.  
There is a time to listen.  
There is a time to think.  
There is a time for action.  
We have all had our time of greatness and gain.  
We might have had time, our 15 minutes of fame.  
Do you remember the time full of guilt & shame?  
I know, why don't we make time to pray about it.  
Why don't we spend time with God to talk about it.  
Can we even take time and think about it?  
Why even take time to consider should I do it?  
Let's go over of what I just said about time above.  
Let's make time, spend time & take time you know.  
As if we created time, value time, own it for show.  
It's time ladies and gentlemen, let's do our best.  
Time waits for no man,  
And yeah time could be upset with some of us.  
Praise God He creates time and moments in time.  
Without God, there's no time, nor any of us.

## Potential Killer

I have robbed many lives.  
Their very essence denied of its future.  
Their future will not be,  
Because their value, one will not know.  
Termination of Potential,  
It's one thing that I accomplish.  
I am the ultimate tragedy,  
Because I have defeated nations.  
I am ignorant to responsibility.  
And I will deny any obligation.  
I create chaos by defeating creation.  
Through me- developing is extinction.  
Extinction of a woman,  
Extinction of a man,  
Extinction of a nation,  
Extinction of Gods plan.  
I am self-comfort, stupidity, self- centeredness at its worst.  
I kill your future,  
Before you can even have a past.  
I can stop the singing of a song,  
Because I also stopped it from being written.  
I can stop the reading of a book,  
Because I also stopped the person with the vision.  
However, I haven't stopped everything.  
Some pregnant with the potential of being,  
Leaders, writers, artists, athletes, doctors and others made it through.  
They robbed the grave of the treasures they carried.  
Maybe a doctor realized he wouldn't be there,  
If his Mother had chosen to abort him too.

## **Injustice, In Just Us**

The Injustice that appears to only happen,  
In Just Us.  
And only because of the color of my skin,  
That I live in, like it's a sin.  
It's pure ignorance at best, of the Injustice,  
In just Us.  
The injustice, the lack of fairness of justice,  
In Just Us.  
Is a slap in the face, and not, In Just Us,  
But, to the whole human race.  
And it moves us all to the back of the bus due to Injustice.  
I just pray that the only red that we see is from the heat this summer.  
From the rays of the sun and not blood like the Red Summer.  
On the days that justice has called in sick.  
Are the days, the enemy gave us vicious hits.  
Because justice is still clearly absent.  
And the audacity of you to even ask it.  
Why do you say that?  
Where do you see fairness my friend?  
An unjust act is just wrong from the beginning.  
Injustice wasn't invited in just us.  
It was a deceitful attack on all of us.  
Injustice, In just us, is a crime in my mind,  
It's an injustice anytime.  
Injustice, the absence of justice, In just us, appears to have us going back in time.  
And like Marty Mc Fly and I,  
The present is more than enough in my mind.  
And I think it's an atrocity!  
Not for just us, but for all of us indeed.  
The enormity of the cruelty that injustice is dealing us,  
Is making us all stop to breath.  
And if you pause, for the cause, and take a look, in the book.  
You will see and agree with me,  
That justice was aborted from all of us.  
And not just from us, but from all of us.

Injustice, In just us,  
Presents a misconception in all of us.  
It's a blind fallacy, that truly our enemy,  
Is the opposite of me and what I see physically.  
Ahh, but spiritually is where it's at.  
Against injustice, in just us we must act.  
Now let's look at the bigger picture in the book.  
Of how deception and the first fall of justice looked.  
It will pin point the enemy at hand.  
He is exposed, his works and his plans.  
Yeah Satan's up to his race games again.  
He's giving life to division through race again.  
Same tactic, different time, same game again.  
He's even got the same plans again.  
Don't play GOD and he won't win in the end.  
And to think this began in the Garden of Eden.  
He told you not to eat from the tree of knowledge.  
But you had to act like some freshmen in college.  
Don't eat from the tree of good and evil.  
Don't play GOD, trust, this ain't a sequel.  
Made in HIS image but not HIS equal.  
C'mon man, don't you feel at little odd?  
Have we forgotten GOD?  
Cause we are playing and paying with lives with a world view.  
Stand up, speak up, remember whose you are from GODS view.  
Here comes this demon, all I can hear is people screaming.  
If I can keep their blind perception, focused on the misconception.  
I am deception at its best.  
I'll cause chaos, division, I'll create a mess.  
I'll create so much injustice,  
Blacks will say, Just in us, no justice.  
Some whites will agree, it's injustice indeed.  
Most won't be able to see, that the root of the problem is me!  
The Unites States of America, right?  
It will become the division of races overnight.  
This country I can divide so easily.  
Pull out my wolf in sheep's clothing for me.

I am injustice, and I began this fall.  
How could they forget me?  
I am injustice, against just them all.  
Justice fights against injustice, against just us.  
I am the injustice here, this is my kingdom.  
I plan to end justice, only havoc in my home.  
A nation divided, a civil war, humans about to fall.  
I hope they don't pray, just worry about illegal emails and building walls.  
Think Justice is just for us, & Injustice is just for us.  
Then me, their enemy, I will affect their ability to see.  
And like Andy Mineo, you know, "My biggest enemy will be me & even I can't stop me."  
Unless enough of them heard NF.  
When he prayed to GOD and make the same request.  
Oh Lord! Do you see us down here OH Lord!?  
Oh Lord! Can you see us down here Oh Lord!?  
Now that might strike a chord.  
All it will take is one.  
One that will bring insight,  
Man, this thing is one big spiritual fight!  
Injustice is creating scandals. Injustice is creating sin.  
Injustice is creating deception.  
And not just in us like in the Garden of Eden.  
Injustice divided two to begin.  
In just us he's doing it again.  
he's got the same name- yeah, it's enemy.  
And if you fall for it- he'll be your frenemy.  
he's got deception as a weapon of choice against us.  
But we have a defense system, Son of GOD, and His name is Jesus!  
He died for justice and not just for us,  
He died for all of us.  
Injustice, prejudice, In just us, all of us.  
he's playing the same game.  
Injustice, In Just Us.
