

My black Children

Trying to teach them their equal, but how when white kids kill 32 people, and are arrested so peaceful

My black Children

Gotta teach them their hair is beautiful too, but they might have to change it for a job interview

My black Children

If you get pulled over cause you fit the description remember to keep your hands in their vision

My black Children

You might have the better knowledge and education, but get passed because of skin pigmentation

My black Children

Don't argue with the cops because even being unharmed that black skin is a threat and can get you popped

My black Children

I want you to walk to your own beat, but get used to having people cross the dam street

My black Children

You can be the smartest in the class with no disabilities, only to get recognized by your sports ability

My black Children

He can rape women; get six months and a couple of weeks you can do a petty crime and get 6 feet

My black Children

You can do the same action like a little fight scuff they will get questioned, you will get questioned in cuffs

My black Children

Historically there's a way white women cry that can make more of a small situation remain calm, because for you it can end in bullet penetration

My black Children

There are a lot of good white folks and great cops, don't shade them all just remember lookout for the ones that might give that shot

My black Children

Baby girl I can't wait until you conceive, I also fear the amount of colored women labor room casualties

My black Children

This Durag can make your hair lay down or wavy up top it also can amplify you getting stopped

My black children

After they beat slaves they said get up!

After we sat down on the bus they said get up!

Kap took a knee and they said get up!

White man takes a knee a man can't breathe

Nobody is saying get up!

and I'm just like how?

*Because those that don't knee now in the bible it says sooner or later every knee
will bow.....*
