

Refugees

Sixty-five million three hundred thousand
65.300.000! **Forced** to displace,
Ten percent of humans' race
Turned into mortal **ace**
Legitimate DISGRACE

Home draws ugly smoke
21.000.000 refugees awoke
WAKE UP in erratic hell
Last judgements tell

Fugitives giving birth
diaspora on **others** earth
Twelve million children, kids
12 million! 12.000.000!!
Hope shelter to unveil home
Refugees' syndrome

Freedom of movement, **a right** or a theft?
Embrace right, favor left
Geneva convention written brave
Growing old in Plato's cave
