

## Seer Gives a Hint

What lies  
in the future!  
Exactly like the ones  
in the past. Somehow, don't you think  
we'd learn?

## Said And Done

Humans  
extinct, world peace  
reigns. Microbes, microbeads,  
meek inheritors of the earth.  
Amen.

## Found Poem at a Concert

among comments on the power of starlight, Linford Detweiler, *Over the Rhine*

A place  
where you can see  
the night sky properly:  
that's what I call a game-changer.  
Find one.

## Tourist Advisory

Visit  
Joshua Tree.  
Your self-significance  
may not come back with you intact.  
So what?

## There Is No Ground Control

The man  
who fell to earth  
has fallen back upward  
so we can all forever be  
heroes.
