

Ode to Wonderful Nights

Beneath the comfort of the stars
Open to the possibilities of the night
Laughter and love flowing near and far
A song that sets the mood just right
And the future set before us
Hearts ready to journey
Tears and joy , calm and rush
We move like the wind on the sea...

Love in Vain

This train is at the station but you're nowhere to be found
And the rain is falling from the sky on this one horse football town
The music is playing for you but your ears will never hear
And all the dreams of you get lost inside this beer
Stars, like paint across the sky
Reminds me that we all die
And if I die after I get old, I will still die without your kiss
And all the smiles and birthdays, I won't be able to miss
Romance is gone, and replaced by practicality
But in my mind it's still your face I see
I'll get on that train, even if you're not with me
And wonder for a lifetime, what it could ever be
