

## **Cotton Candy Lover**

Lick the side,  
It creeps up.  
Pink mold melted  
Against white paper bone.  
Chew and devour.  
Sweet, sugar,  
Cotton Candy Lover.

## **Coke, Caffeine, and Nicotine**

Diet coke,  
Fat and thin,  
We sink in.  
Settle and sleep  
between the sheets  
of caffeine  
and nicotine.

## **You**

Pyromorphite,  
Teeth and gold stars,  
Pink milk plastic,  
Blood, purple, ricochet.

Orchids and onyx.

## **Death**

Honey and crystal ice,

Moaning,

Howling in the wind.

We are glycerin eyes

Watching our own demise.

## **Pastel Ash to Neon Cigarette**

Pastel ash to neon cigarette,

Blowing smoke to forget.

Kerosene flash to lightning heart,

Set me on fire from the start.

Crushed glass to lavender clouds.

Sharp and twisting, screaming loud.

Azure voids to electric hurricane.

I never thought that I could change.
