

could drive a car  
to a tree

endless as  
many years in regret  
sleep not to wake  
while voices meld

interior me  
crying calling  
I am in your eyes  
and you know not yet  
all that fractures is unbroken

you and I  
not, yet always  
my sweet one sad  
made for you  
a love that breathes deep within  
our shared absence
